ABOUT

NATIONAL ACADEMY FOR FILM AND TELEVISION

The National Academy for Film and Television has been established by the Educational Media Research Society, (a society registered under Societies Registration Act XXI of 1860) in collaboration with INDIAFLIX LIVE productions and National Institute of Mass Communication which is recognised by California University, USA and Canadian Institute of mass communication, Canada. The objective is to impart quality training and education to the students, so that they excel in craft of film making, acting and production, and thus utilize the media technology in the best possible manner.

NAFT has a professional shooting studios and equipped editing labs. The academy has a right proportion of knowledge,

Demonstration and practical in the studio-classroom beside full scale productions in line of the media industry. National Academy for Film and Television provides hands-on experience in cinema and journalism. A carefully designed syllabus and a well implemented Courses program is one of its salient features of this academy.
